

DIVE-CAREERS

DIVEMASTER

COURSE OVERVIEW

It is great to take 1 to 2 months to complete your PADI Divemaster Internship. However, if you are already Rescue certified and have 40 logged dives, you can complete all the necessary training on our Divemaster internship in as little as 2 weeks.

Spending longer you can get in loads more dives and build up much more experience by assisting courses and working closely with our highly experienced team of Divemaster Trainers

We will structure the course to meet your schedule. On your booking form just note arrival and departure dates and we will make the course that suits you best!

DM COURSE OVERVIEW

During this course you will develop your general diving skills, plus problem solving, group management, briefings, control and dive guiding. We will take you through workshops concentrating on essential skills and control on Divemaster conducted programmes, such as Scuba Review and Skin Diving, whilst ensuring that your rescue and general diving skills are exemplary.

We conduct extra seminars in equipment, emergency procedures, marine resource management and technical diving for our Dive-Careers Divemaster trainees. Plus our Divemaster trainers will develop your general diving knowledge with theory seminars.

DM COURSE PRE-REQUISITES

- minimum age 18 YEARS
- minimum 40 LOGGED DIVES*
- CPR and FIRST AID qualifications within the last 24 months* (the "EFR" Emergency First Responder course meets this requirement)
- Be fit for diving and submit a PADI MEDICAL STATEMENT (signed by a physician within the last 12 months)

* Our PADI DM PACKAGES will help you meet these requirements

DM CAREER OUTLOOK

Completing your PADI Divemaster training with Dive-Careers has some great advantages for you in the dive industry. Our unique and extensive network extends globally and clearly enhances your chances of finding work and pursuing a long and successful career in diving.

You can use your Dive-Careers PADI Divemaster internship as a springboard to a great career anywhere in our network of dive centres and contacts throughout Asia, Australia, Europe, Africa, America and the Middle East.
